Welcome to Fort Benton Schools

This Employee Handbook is important to your employment. Please read it carefully and use it as a reference. Your success in your job is very important to Fort Benton Schools. The Handbook contains valuable information which will answer many specific questions you may have. It will help you to be well informed about the policies and procedures of Fort Benton Schools.

Important Information Concerning This Handbook And Your Employment

The Employee Handbook was developed by the Fort Benton Schools to help you understand some of the personnel policies and procedures that affect your employment. Please note that our policies and procedures do change from time to time. We plan to publish periodic updates to this handbook to keep you informed of changes; however, we may implement some changes immediately without advance notice. Board policy supersedes this handbook language.

The People And Their School District

The public schools belong to the people. The people govern the schools under rights guaranteed to them under the Constitution and statutes of our State. The people exercise their proprietorship through the elective process. They elect state and federal representatives who establish--through the legislature and the Congress--the framework of law within which the schools operate. And the People elect a school board to represent them and to determine local educational plans and policy and to establish publicly-endorsed educational goals and objectives. The Fort Benton Board of Education functions as an agency of the public within this framework.

The Board is mindful that the people are the ultimate governors of public education and that the Board is directly accountable to the people through the elective process. But the Board also believes that accountability is a shared responsibility involving students, teachers and other employees, the superintendent of schools, and the people themselves as well as the Board of Public Education.

The will of the people of Fort Benton, Montana, is expressed at a regular school election held on the day and at the place prescribed by state law.

Equal Employment Opportunity/Affirmative Action

Fort Benton Schools is committed to the principles of Equal Employment Opportunity and Affirmative Action.

The school system will promote good human relations by removing all vestiges of prejudice and discrimination in employment, assignment, and promotion of personnel; in location and use of facilities; in curriculum development and instructional materials; and in the availability of programs for our children. To ignore such concern is morally wrong, economically wasteful, and socially dangerous.

The school system shall continue to make opportunities for employment and promotion available to every individual solely on the basis of his or her qualifications and without regard to sex, age, race, color, creed, religious beliefs, marital status, pregnancy or national origin.

All employee recruiting, hiring, training, compensation, benefits, transfers, promotions, social or recreational programs, and on-the-job treatment are to be administered in accordance with this commitment.

Every employee is expected to comply with the spirit and intent of our Equal Employment Opportunity/Affirmative Action Policy.

If you feel you have not been treated in accordance with this policy, contact your immediate supervisor. No form of retaliation will be taken against any employee who reports an incident to alleged discrimination.

Harassment

We believe that every employee is entitled to a working environment free of verbal, physical, visual or other harassment because of race, color, religion, sex, national origin, age, handicap, or any other basis protected by federal, state or local laws. We expect the full cooperation of every administrator, supervisor and employee in making this policy effective. If necessary, however, appropriate management action will be taken for violation of this policy.

The kinds of conduct governed by this policy include, but are not limited to, actions by any supervisor or employee which directly or indirectly threaten any employee's employment, promotion, wages or other working conditions. Summer Custodians - each building will determine a starting time for work which must be approved by the Custodial/Maintenance Supervisor.

A First Report of injury will be completed in the Clerk's Office and sent to the workers' compensation insurance carrier. You may be contacted for further information by one of their representatives.

If you are eligible you will be paid for time lost from work due to such an injury.

Your ability to transfer to another position is based on a number of factors including your performance, the transferability of your skills, and the availability of suitable open positions.

Bus Drivers have a specific handbook for their position. Every driver is given one along with numerous student bus riding handbooks.

Back Braces

Custodian/Maintenance Personnel - Back braces will be worn during your ENTIRE work shift. The only exception would be if use of the brace would cause other injuries to the employee due to the nature of a specific job/task to be performed. This is a requirement of employment and will be enforced. The school district has purchased the braces for each employee.

The Montana Safety Culture Act goes into effect on January 1, 1994. The Act spells out the fact that employers need to do a better job of protecting/training employees. Therefore, the back brace will be one form of protection that we can offer our staff. Additional training and safety issues will be forthcoming.

In conclusion, ALL part-time, full-time, seasonal, and temporary maintenance/custodians must wear the brace at ALL times during the work shift. This also applies to summer workers, painters, etc.

It is also requested that the brace be worn on the OUTSIDE of your clothing if working indoors. Again, the wearing of the brace is a requirement of your employment and will be strictly adhered to.

Absences

It is essential that you be at work because absences place a burden on your co-workers. Obviously, there will be occasions when you will not be able to work. Your superintendent and principals' have the authority to excuse and pay absences under the following policies:

Occasional Absence

Occasional absences are those absences of five consecutive days or less for reasons of illness, injury, other emergency or essential personal business such as an illness in your immediate family. Any time away from work should be limited to the time absolutely required. Arrangements should be made, whenever possible, to conduct personal business outside of your normal work day. In the case of an illness, injury or other emergency, your supervisor should be notified as soon as practical and no later than your normal starting time. Time off for personal business or medical/dental appointments should always be requested in advance. Your supervisor will inform you when your attendance is not up to expectations. Even excused absences if excessive can lead to discipline.

Sick Leave

"Sick Leave" means a leave of absence with pay for a sickness suffered by an employee or his /her immediate family.

A permanent full-time employee earns sick leave credits from the first day of employment. Sick leave credits will be credited at the end of each pay period. Sick leave credits are earned at the rate of 12 working days for each year of service without restriction as to the number of working days that may be accumulated.

Employees are not entitled to be paid sick leave until they have been continuously employed 90 days.

An employee may not accrue sick leave credits while in a leave-without-pay status.

Permanent part-time employees are entitled to prorated leave benefits if they have worked the qualifying period.

Full-time temporary and seasonal employees are entitled to sick leave benefits if they have been continuously employed for 90 days.

An employee who terminates employment with the school district is entitled to a lump-sum payment equal to one-fourth of the pay attributed to the accumulated sick leave. The pay attributed to the accumulated sick leave will be computed on the basis of the employee's salary or wage at the time he terminates his employment with the school district.

An employee who receives a lump-sum payment pursuant to this section and who is again employed by the school district may not be credited with any sick leave for which the employee has previously been compensated.

Abuse of sick leave is cause for dismissal and forfeiture of the lump-sum payments provided for in this section.

All absences from work will be reported on the Individual Absence Record.

Short-Term Disability

Fort Benton Schools provides short-term disability benefits to minimize your concerns and worries over loss of pay and job security should you become disabled for an extended period.

Our short-term disability benefits are available to all eligible employees after 30 days of service. Short-term disability refers to any illness or injury of a physical or mental nature which prevents an employee from performing normal work duties for a period of more than five days. Accumulated sick leave may be used. When employees are receiving workers' compensation, short-term disability benefit payments will be reduced so that these combined payments do not exceed 100% of base pay.

When you are no longer disabled, you should inform your supervisor of your plans to return to work. You may be asked to obtain certification from your physician.

Leaves of Absence

Separate from occasional absences and disabilities are various types of leaves that may be granted. These leaves can be best categorized as short-term (four weeks or less). They are without pay. A request for leave form should be completed for all leaves. Leaves of absence are granted only with approval of the superintendent.

In most types of leaves, many of your benefits continue as long as you pay your monthly premiums and as long as your leave does not exceed four weeks. During a leave you will not accrue sick leave or vacation leave.

Emergency Leave

Emergency leave may be granted in the case of a severe injury or accident to a member of the employee's immediate family or in case of a death in the immediate family. The granting of such a leave shall be left to the discretion of the administration. The superintendent has the discretion to grant up to five (5) days emergency leave with pay when all types of leave have been exhausted.

Short-Term Leave With Pay

The following types of leaves are granted with pay to all regular employees regardless of the number of hours worked. They are all granted as a matter of policy and carry reinstatement rights:

- **Funeral Leave**, extending from the date of the death of the immediate family member through the date of the funeral (normally three consecutive work days unless extensive travel is required).
- **Civic Responsibilities**, such as:
 - **Jury Duty.** (MCA 2-18-619) (1) Each employee who is under proper summons as a juror shall collect all fees and allowances payable as a result of the service and forward the fees to the appropriate accounting office. Juror fees shall be applied against the amount due the employee from his employer. However, if an employee elects to charge his juror time off against his annual leave, he shall not be required to remit his juror fees to his employer. In no instance is an employee required to remit to his employer any expense or mileage allowance paid him by the court. (2) An employee subpoenaed to serve as a witness shall collect all fees and allowances payable as a result of the service and forward the fees to the appropriate accounting office. Witness fees shall be applied against the amount due the employee from his employer. However, if an employee elects to charge his witness time off against his annual leave, he shall not be required to remit his witness fees to his employer. In no instance is an employee required to remit to his employer any expense or mileage allowances paid him by the court. (3) Employers may request the court to excuse their employees from jury duty if they are needed for the proper operation of a unit of state or local government. ADDED

Seasonal employees shall earn vacation credits. However, such persons must be employed 6 qualifying months before they may use the vacation credits. In order to qualify, such employees must immediately report back for work when operations resume in order to avoid a break in service.

Permanent part-time employees are entitled to prorated annual vacation benefits if they have worked the qualifying period.

An employee may not accrue annual vacation leave credits, while in a leave-without-pay status.

Temporary employees do not earn vacation leave credits, except that a temporary employee who is subsequently hired into a permanent position within the same jurisdiction without a break in service and temporary employees who are employed continuously longer than 6 months may count as earned leave credits for the immediate term of temporary employment.

Temporary employees do not earn vacation leave credits. School (academic) year employees who are hired as custodians/maintenance for the summer months, will not receive vacation leave. Temporary summer custodians/maintenance employees may begin work, after being approved, six (6) work days following release of school for the summer months and must quit six (6) days prior to school starting again.

Rate Earned (MCA 2-28-612)

Vacation credits are earned at a yearly rate calculated in accordance with the following schedule, which applies to the total years of an employee's employment with any agency whether the employment is continuous or not:

<u>Years of Employment</u>	<u>Working Days Credit</u>
1 day through 10 years	15 days
10 years through 15 years	18 days
15 years through 20 years	21 days

Eligible part-time employees are paid for the average number of hours worked per day.

Substitute or occasional employees are not eligible for paid holidays.

How Salaries Are Determined
