Section 1 - School District Identified Priorities

Priority 1

Purchasing resources that allow school leaders and staff to address the needs of their students. Resources such as but not limited to: supplies to sanitize and clean facilities, school facility repairs and improvement to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, inspection, testing maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, and maintenance and repair and replacement of control systems. Improvement of these school areas will enhance student achievement.

Priority 2

Purchasing educational technology and curriculums to enhance student learning and achievement in all areas of the curriculum. Math and ELA are major components of the school academic achievement focus.

Priority 3

Addressing the academic impact of lost instructional time and/or learning loss.

Data Points Used to Identify Priorities

Attendance, summative assessment data, needs assessments, staff, parent, and community surveys/input.

Student Groups Most Affected

Student groups specifically referenced in ARP ESSER were more affected than others in this district.

Section 3: Goals

Instruments

Instruments or methods that will be used to monitor the progress of the goals and determine if the goals are met are listed here for each goal.

Math Goal	Using the Smarter Balanced Assessment as one of the primary data points the district goal is to increase the percentage of students scoring proficient in grades 3-8 by 5% in Math from 58% in the Spring of 2023 to 63% on the SBAC in the Spring of 2024.
ELA Goal	Using the Smarter Balanced Assessment as one of the primary data points the district goal is to increase the percentage of students scoring proficient in grades 3-8 by 5% in ELA from 60% in the Spring of 2024 to 65% on the SBAC in the Spring of 2022.
Other Goal	The administration and curriculum departments will work collaboratively to support and monitor implementation of evidence-based interventions to identify the most effective interventions employed. Data collected will focus on examining possible trends in the data and also the need to update to the latest research based interventions that are available.

Goals

For each goal find the following below:
   • Identify what strategies/action steps will be used to support the achievement of the goals. •
   Describe a realistic and achievable timeline to achieve the goals.
   • Identify who is responsible to ensure the strategies/action steps are achieved. Click the box and
      provide the text response for each applicable box.

Math Goal	Continue to determine the level of proficiency of students using SBAC scores, MAP, iReady, ACT, classroom assessments, and other in-program assessments. The district also uses the Eleot Survey System to gather data. After analyzing these assessments, the district will utilize targeted and strategic interventions and supports to improve student achievement. Classroom teachers will be provided with necessary PD to effectively utilize the interventions and supports. Administration will ensure supports and interventions are being administered with fidelity by classroom walk-throughs, 1-1 teacher/admin meetings and staff trainings. The goals will be re-evaluated on a quarterly basis aligning with in-house academic reporting (report cards) and a thorough evaluation of SBAC scores is reviewed each fall and spring of the current year. Assignments align to curriculum map by grade level in line with the Golden Triangle Consortium in which Fort Benton is affiliated with. Individual classroom teachers are responsible to ensure the strategies/steps are achieved and Patrick Hould, Administrator, will corroborate that these actions are met.
ELA Goal	Continue to determine the level of proficiency of students using SBAC scores, MAP, iReady, ACT, classroom assessments, and other in-program assessments. The district also uses the

Individual classroom teachers are responsible to ensure the strategies/steps are achieved and Patrick Hould, Administrator, will corroborate that these actions are met.
Other Goal	Monitor daily attendance lists for both staff and students and analyze data for specific student groups and populations. Work with school counselors and community liaisons to reduce and or remove any barriers to learning or attending school. Review all data on a weekly basis to gauge trends and possible health occurring issues. Review CDC guidelines regularly and implement strategies to increase overall attendance rates. Individual classroom teachers are responsible to ensure the strategies/steps are achieved and Patrick Hould, Administrator, will corroborate that these actions are met.
